

WEBINAR

Empowering Women Through Financial Confidence

WITH

Pippa Hogg

guest speaker and
investment banker
at Forsyth Barr

**WEDNESDAY
12 NOVEMBER
@ 5PM - 6PM**

Often women let their financial decisions be made for them by someone else – a relative, a bank manager, a default setting – because they don't think they can understand or they are so busy they don't have the time to think about it. This webinar is offering an hour of dedicated time for PPTA members to learn about easy ways they can have more understanding and control of their own finances.

Things are more fun with friends so consider joining the event with colleagues! You can attend as an individual, a branch, or a region.
