

Ehara taku toa i te toa takitahi, engari he toa takitini

An opportunity exists for you to join with other senior school leaders from throughout Aotearoa New Zealand and receive 12 months of

FULLY FUNDED PROFESSIONAL COACHING OR LEARNING GROUPS

Evaluation Associates is partnering with the Secondary Principals' Council and the PPTA to offer you the opportunity to have a year of fully funded online professional coaching.

From the start of Term 3, 2021 we will be providing four terms of professional coaching through either 1-on-1 sessions or professional learning groups. We will work alongside you as you look to grow your capabilities as a leader. All sessions will be delivered via web video conferencing. We welcome applications from all PPTA members who are currently employed as Principals (and are not part of the Beginning Principal programme) or Senior Leaders across Māori, English and dual medium settings.

1 on 1 Coaching

Our professional coaching is an inquiry into practice. It is a compassionate, appreciative inquiry, led by the needs of the participant. The objective of our coaching is to support good leadership practice and wellbeing by reducing isolation and providing the opportunity to confidentially debrief, discuss professional issues and explore ways to improve practice. Our coaches will bring professional educational expertise and credibility along with well-developed coaching skills and a coaching disposition.

Learning Groups

Our professional learning groups (PLGs) will be underpinned by the principles of collaboration and reciprocal coaching. These will be based on groups of five leaders with a commitment to developing their professional practice through collaborative inquiry and reciprocal coaching. Each group will co-construct their collaborative inquiry areas of focus.

Priority is given to Senior Leaders.

Our Coaching Team

At Evaluation Associates we have a large team of highly experienced ex-principals and senior leaders working as consultants who have also had formalised coaching training. This includes our team of ex-principals from both secondary and area schools currently engaged as leadership advisors providing one to one coaching and mentoring for beginning principals across Aotearoa New Zealand and for experienced principals with specific identified needs.

APPLICATIONS CLOSE 5 JULY 2021
