CONDUCT OF ASSOCIATION ELECTIONS – NOTE TO CANDIDATES

General

1. Pursuant to Rule 64 of the Constitution, the Executive has directed that the Returning Officer forward to each candidate a "code of conduct" in respect of Association elections.
2. The attention of candidates is drawn to the following Rules contained in the Association's Constitution:

Rule 52:

The Annual Conference as hereby constituted shall have supreme authority in the Association.

Rule 42(i):

The Executive shall act for and on behalf of the Association between Conferences and in particular shall implement the decisions of and pursue the policies established by the Conference.

Rule 47(i) and 47(ii):

- i) *All resolutions of the Executive and all acts and things duly done or executed in good faith shall be binding upon all members of the Executive whether present at any such meeting or not and upon all the property and assets of the Association PROVIDED that such resolution shall not be shown to be ultra vires the Executive AND PROVIDED FURTHER that all members of the Executive have been duly notified of such meeting.*
 - ii) *The fact that any such resolution is made in pursuance of any decision or recommendation of the Conference shall be conclusive evidence of good faith and of the absence of any improper motive.*
3. It is clear from these extracts that the policy of the Association is determined by the Annual Conference, and, provided it is within the general policy guidelines established by the Conference, policy is also determined by the Executive.

There is, therefore, a clearly stated and democratic procedure by which the Association formulates and establishes its policies, and within this there can be no place for 'personal policies' or 'policy platforms' on the part of candidates for election to the Executive. You are reminded of this when making your personal statement.
4. These rules apply also to Executive members once elected and in office.

Campaigning

5. The canvassing of other branches or members, whether by visiting for the purpose of addressing members or by the circulation of material, which may be related to the election, is excluded. This exclusion has been introduced in order to prevent any candidate obtaining an advantage due to his/her proximity to other Branches, other advantages of location, or the possession of a better financial status.
6. Canvassing for support and campaigning through the use of social media platforms (Facebook, Twitter, etc.) is also excluded. Candidates may encourage members to vote in an election and draw members' attention to where the profiles of all candidates, including the official video biographies, can be found. Candidates must not use social media to draw members' attention to the individual candidates. If any candidate is unsure of what is safe use of social media in Association elections, they are advised to err on the side of caution and contact the Returning Officer for advice or a ruling before posting.

7. However, candidates may address regional meetings (1990 conference decision). Any candidates wishing to take up this facility should contact the appropriate regional chairpersons and advise the Returning Officer of their intent. The Association will reimburse the actual costs reasonably incurred in attending such meetings.
8. Where elections are necessary the information supplied by candidates will be circulated to members to assist them in the process of voting.

Summary:

Please adhere strictly to the following requirements in relation to the election:

- Avoid making 'personal policies' or 'policy platform' statements.
- Do not canvass for support.
- Please give full personal and biographical information of a factual and relevant nature to assist member voters.
- Return your 'Candidates Information' sheet by **Friday 1 September 2023**.
